Theme/Lesson: Devotional Idea- Good Friday/Easter/Lent

Idea: With masking tape, mark two parallel lines approximately 12 feet apart. Invite the children to try to jump from line A to line B. Of course, no one can. Using more masking tape, form a cross that unites the two parallel lines. Now even the smallest child is able to get from line A to line B.

Finally, compare the distance they aren't able to jump to the distance between us and God created by sin. How can we reconnect with god? On our won, we can't do anything, and so our loving God build a bridge for us-he sent Jesus to die on the cross.
