Revised Status Report

You recently received one of a limited number of Status Reports that was mailed on December 14. Two data fields on that Status Report were inadvertently switched. The two fields are:

Total w/o Interest Prior to 09/01/2005, and
Total w/o Interest After 09/01/2005.

The enclosed Status Report is revised and has the data in the correct fields. Please discard the incorrect copy. We apologize for any confusion we have caused.
