Plans Offered in the 2007/2008 Plan Year

The selection of health plans available through CSI will not change. Plan C, PPO 90, PPO 80, PPO HSA 1, and PPO HSA 2 will be available in all locations. Schools may choose the PPO HSA 1 or PPO HSA 2, plus one other plan.

Change in Optional Life Maximum

Effective January 1, 2008, the maximum amount of optional life coverage you may purchase will change to the lesser of \$250,000 or 5 times your annual salary. Optional life coverage in place on December 31, 2007, will be grandfathered and will not be subject to the maximum of 5 times your annual salary. Amounts purchased after January 1, 2008, will be subject to the new maximum.

Changes in Medical Coverage

The following changes are effective September 1, 2007.

Changes in HSA Deductible and Out-of-Pocket Maximum

Federal regulations require that a Health Savings Account be used with a “qualified health plan”. To keep the HSA plans qualified, the HSA deductibles and out-of-pocket maximums change effective September 1, 2007, as follows:

Plan	Coverage	Annual Deductible		Out-of-Pocket Maximum	
		Current	Effective 09/01/2007	Current	Effective 09/01/2007
Trustmark HSA 1					
	Single	\$1,050	\$1,100	\$3,050	\$3,100
	Family	\$2,100	\$2,200	\$6,100	\$6,200
Trustmark HSA 2					
	Single	\$2,700	\$2,800	\$3,550	\$3,600
	Family	\$5,450	\$5,600	\$6,600	\$6,700

September 1 Enrollment and Rates

Enrollment materials and rates for 2007–2008 will be sent to schools in early May.

What is an HSA Plan?

An HSA is made up of two parts: a qualifying health plan and a bank account set up by the school for each participant. CSI provides two Trustmark plans that are qualified as HSA plans. Trustmark has a relationship with HSA Bank in Wisconsin to administer the savings accounts; schools may use this bank or choose another administrator. Priority Health’s HSA plan is bundled with your choice of several banks to provide both a qualified plan and the participant bank account.

Once the accounts are set up, the school and/or the participant may contribute up to the amount of the deductible for each participant; this contribution is deposited into each participant’s account. Participants can be reimbursed from their HSA for eligible expenses that apply to the deductible or eligible expenses that are not covered by the health plan. Any funds left in the HSA at the end of the year belong to the participant and keep accumulating until retirement. Earnings on individual accounts accumulate tax-free, and if they are used for qualified medical expenses, they are not taxed. At retirement, participants may continue to use the funds for health expenses. If the funds are used for non-health related expenses, income tax and/or additional taxes may be due.

HSA Deductible—A Word of Caution

Several schools have inquired about using our HSA plans and self-funding a portion of the deductible rather than funding the employee’s HSA account (in effect, creating a deductible reimbursement plan). Self-funding occurs when a school reimburses employees directly for certain health care expenses incurred by the employee or dependents. If you are considering self-funding, we encourage your school to seek legal counsel. Your school will need to develop a Plan Document and distribute copies to participants. Your school may be required to file annual reports with the Department of Labor. The plan will be subject to non-discrimination testing and your school will also be required to adhere to privacy regulations.
