High School Bible Grades 9–12

God’s Unfolding Kingdom and Hope for God’s Kingdom

Our Bible curriculum for high school is relevant, scholarly, and rich in reformed worldview. Our curriculum calls students to examine their lives and the role they play in God’s kingdom.

God’s Unfolding Kingdom

This study of the Old Testament begins by mapping out the “one big story” of the Bible. From there, students learn about the calling of God’s people and of God’s faithfulness to them as a nation and as individuals.

Hope for God’s Kingdom

The earthly ministry of Jesus changed the world. This curriculum focuses on Jesus’ ministry, as well as the early church, and concludes with a study of the Revelation of John.

Complete scope and sequence charts are available on our website at csionline.org/curriculum/curriculum-products.

Walking With God and His People

Bible curriculum that brings the Word to life.

Christian Schools International's Bible curriculum for **grades preK through 8** provides an excellent and engaging course of study of God's eternal Word.

Comprehensive and user-friendly for both teachers and students, *Walking With God* provides multiple enrichment activities that appeal to a variety of teaching and learning styles. The curriculum focuses on God's story and how it has been revealed to his people. Students learn about themes and biblical characters within the historical context of the Bible. The units build on each other over time, providing learners with insight and information on all of God's Word.

Our curriculum is written by teachers, for teachers. With their help, we've put together a curriculum that is flexible, thoughtful, and steeped in Christian worldview with a reformed perspective.

Walking With God is an academic course designed to study the Bible in depth, including instruction on the use of tools such as footnotes, maps, and concordances. Students learn about the Bible itself—its history and structure—as well as its overarching themes and storylines. They learn how to use the Bible appropriately in order to understand God's will and shape their own lives.

Science 2nd Edition

Let's find out
about God's world!

Science is how we come to understand God's marvelous creation and the systems put in place by his hand.

CSI's *Science 2nd Edition* curriculum is a hands-on program that encourages students to become actively involved in scientific discovery. The concrete, creative learning experiences are based in God's Word and will enrich students' knowledge of creation, affirm their faith in the creator, and enable them to use science to the glory of God.

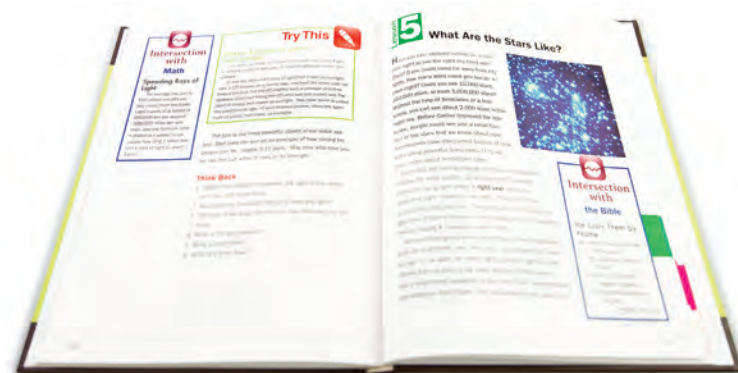

Our science curriculum is available for kindergarten through middle school. Based on teacher feedback and educational best practices, this curriculum helps students and teachers get the most out of each lesson. The goal is to help students become creative problem solvers and to develop a sense of stewardship for God's creation.

Textbooks include:

- Readings to reinforce the concepts presented in the classroom
- Colorful photographs, illustrations, graphs, and diagrams
- A glossary of scientific terms (with pronunciation guides)
- Questions to promote recall and synthesis of ideas and concepts
- Sidebars with enrichment information
- For grades 3–9: Colored tabs easily differentiate units, and unit and chapter page numbers appear in the table of contents for quick reference.

Easy-to-use teacher guides include:

- Flexible options for lessons, activities, and cross-curriculum planning
- Student objectives and project ideas; vocabulary; discover activities; and options for reinforcement, review, and assessment
- A list of contemporary science resources for students and teachers
- Blackline masters for activity sheets as well as tests
